RE: Protomatic Continued Operations

MARCH 23, 2020. In accordance with the “Stay Home, Stay Safe” Executive Order issued this morning by Governor Whitmer, Protomatic Inc. has arranged Continued Operations to provide essential support, and are continuing CDC/WHO recommended safety procedures. We are considered an “essential business” as we provide medical and defense related essential manufacturing. We have the technology in place to remain operational during this time, and we are committed to providing the same excellent standard of service to our customers.

Our office is staffed with essential personnel, but are “Extremely Limited to on Site Customers/Suppliers Visits”, Please call for an appointment.

We welcome any questions you may have and ask that you call or text Doug Wetzel at 734-649-4738, or our main line at 734-426-3655.

We have weathered many crises in the 49 years we’ve been in Washtenaw county and we will persevere through this one as well.

Stay safe!

To combat the spread of COVID-19, many states and municipalities are implementing 'shelter in place' regulations as well as requiring 'non-essential' business to temporarily close. Specific guidelines supplied by the Department of Homeland Security and Cybersecurity and Infrastructure Security Agency (CISA) outlines which organizations are permitted to remain open. Companies engaged in ***critical manufacturing*** are within those guidelines and are deemed essential.
